fore Ladysmith, how long will it take ADMIRAL DEWEY, according to a nomination for President if the people least 40,000 men?-Knoxville Sentiwant him. When he first returned nel. from Manila he looked at the matter from a different standpoint, but now, it appears that he has changed his mind. As Bryan and McKinley are down on the slate for the Democratic and Republican nominations for President, respectively, it remains to be seen what the people of the United States will do in the matter. Several months will elapse before the November elections, and there is no knowing what changes may take place in that

SECRETARY ROOT has returned from Cuba impressed with the idea that too much haste has been made in the direction of withdrawing United bered. He made any number of sar-States troops from the island, and he castic remarks about Cleveland, and has taken steps looking to an increase of our forces there rather than a withdrawal. This action is said to be due to his belief that the native militia is not yet up to the standard which will enable it to protect life and property. The elections also will probably be postponed a month or six weeks. About 150,000 voters are expected to appear at them, the the suffrage being restricted to those who can read and write, and to those who own \$250 worth of property.

According to Webster Davis, assistant secretary of the interior, who was present at the siege of Ladysmith, the Boer army only consisted of seven thousand men and with this small force Joubert and Botha succeeded in is made. keeping penned up 15,000 Eritish under White and held off 40,000 under Buller which were endeavoring to relieve the city. Heretofore Gen. Lee's feat in opposing over 100,000 men under Grant with his 40,000 for nine months at Petersburg had been the most remarkable military achivement. But it must be confessed that this episode of the Boers at Ladysmith is more remarkable. To have driven back an army twice its size, to have kept it beleaguered until nearly exhausted, and at the same

Serious Accident in which several Men Narrowly Escaped Death. STONEGA, VA., April 9 .- A serious

accident occured here on last Thursace of being cremated. Wm. Strawn, master mechanic, Wm. T. Pannell rich, the middle classes and the poor alike have, in Hood's Cheatham, Will Anderson and Geo. W. Mullins were down at the bottom of the tipple hoistway repairing a break in the machinery about 10 o'clock at night, when an explosion occcurred caused by the falling coal dust and in an instant the space in which they were working was a sheet flame, which shot up and caught the tipple. They were all burned about the head and hands. Strawn, Pannell and Cheatham being the most serious. Dr. L. J. C. Bailey was on hand promptly, and with a liberal supply of oil and absorbent cotton and other cooling lotions (known only to the medical fraternity) relieved the sufferings pro tem. He then gave them a dose to produce rest and sent them home, and under his care they are all doing nicely and will recover with slight scars. The destruction of the tipple looked certain, but by vigorous work by the employes, who had been called out by the fire whistle, it was saved.

On Friday afternoon Charley Nance (colored) while coupling cars in the upper yard was caught between the cars and instantly killed. He was married, but had no family.
